EXTERNAL EMAIL! This email was generated from a non-LADWP address. If any links exist, do not click/open on them unless you are 100% certain of the associated site or source. ALWAYS hover over the link to preview the actual URL/site and confirm its legitimacy.

Hi Laura,

Many thanks to you and everyone at LADWP for your help with the water and power connections at the 216 W Slauson site. As a matter of introduction (after the fact), there are five EPA Federal On-Scene Coordinators in southern California who deal with Superfund, Clean Water Act, and Stafford Act emergencies. I have cc-ed the other four on this email so they have a contact at LADWP when city utilities are affected and/or needed during a response.

Please feel free to contact me should you have further questions or need assistance from our organization, including response assistance, planning, briefings, or training. You can find a bit more about the emergency response section at:

<https://www.epa.gov/emergency-response>, and more about trainings offered by our organization for government entities at: https://response.epa.gov/site/site_profile.aspx?site_id=6644 (Robert Wise is our training coordinator).

For the OSCs, Laura's contact information is:

Laura Doyle
City of Los Angeles
Department of Water and Power
(213) 367-2235
Lauramarie.doyle@ladwp.com

I look forward to working with you in the future.

Sincerely,

Ben Castellana, Ph.D.
On-Scene Coordinator
US EPA Region 9
Superfund Emergency Response
(562) 305-0694 cell
